

MEYER MOVING FUTURE BRANCH MANAGER

Meyer Moving (a subsidiary of the AGS Group) is a specialist in international, local and company removals in the Caribbean since 1959, focussing on providing our customers the best service through latest industry innovations and modern technology specifically developed for the moving industry. Serving a greatly diverse sector of clients, we are a reliable mobility partner, taking care of relocation by land, sea or air, with door-to-door services through an elaborate global network of affiliated companies and agent partners.

We are currently recruiting for the role of a **Future Branch Manager**, to be based in **Willemstad, Curacao**.

POST DESCRIPTION

Reporting directly to the Branch Manager where the candidate will be based, as well as the Caribbean Network Director, the Future Branch Manager will undergo an intensive training period on the internal world of Meyer Moving and the AGS Group, which will include:

- Administration (personnel management, accountancy, debt control and recovery)
- Sales (client visits, business development, company representation, quotations, invoicing)
- Technical (assets and inventory management, import and export management, planning)

During this period, the Future Branch Manager will also assist the Branch Manager with the day to day running of the branch as required. Further, the Future Branch Manager will be expected to complete a couple of short-term replacement assignments in other branches across the network (i.e. sick leave or annual leave of Branch Managers).

At the successful completion of the training period, the candidate will have the opportunity to develop a career in the Group. The location where the candidate will be placed after completing the training period is dependent on the needs of the business, and not necessarily the branch where they underwent training.
